INGREDIENTS

Wheat Middlings, Soybean Hulls, Corn Meal, Hominy, Dakota Gold Distillers, Cane Molasses, Soybean Meal, Soybean Oil, Calcium Carbonate, Linseed Meal, Salt, Di-Calcium Phosphate, Yeast Culture, Vitamin E Supplement, Zinc Sulfate, Zinc Protein, Ferrous Sulfate, Manganese Sulfate, Biotin, Manganese Protein, Selenium Yeast, Copper Sulfate, Mineral Oil, Copper Protein, Choline Chloride, Vitamin C, Niacin, Sodium Selenite, Riboflavin, Thiamine, Vitamin A Supplement, Vitamin D3 Supplement, Pyridoxine HCL, Cobalt Protein, Panthothenic Acid, Vitamin B-12, Beta-Carotene, Menadione Sodium Bisulfate Complex, Ethylenediamine Dihydrochloride (Eddi), Cobalt Sulfate, Folic Acid, Dry Fat, Lactobacillus acidophilus fermentation product, Lactobacillus casei fermentation product, Enterococcus fermentation product, Bifidobacterium thermophilum fermentation product, Magnesium Oxide.

All Equinator Feeds Feature:

- Premium quality ingredients
- Fixed and fortified formulation
- Chelated trace minerals
- Added amino acids
- Organic selenium
- Added B vitamins including Biotin
- Added Vitamin C, D, and E
- Essential Omega 3 and Omega 6 fatty acids
- PrimaLac™ Direct Fed Microbials
- Diamond V® XPC yeast culture

Feeding Directions:

Feed 1/2 to 1 pound for each 100 pounds of body weight to maintain your horse in moderate body condition. Age, activity level, and individual metabolism rate will determine poundage per 100 pounds body weight. If less than the recommended amount is being fed per day, supplementation will be required.

Feed with good quality hay or pasture according to weight, body condition, and activity. Supply plenty of fresh, clean water at all times.
