Wheat Middlings, Soybean Hulls, Dried Condensed Corn Fermentation Solubles, Processed Grain By-products, Soybean Oil, Calcium Carbonate, Hominy, Corn Meal, Soybean Meal, Cane Molasses, Linseed Meal, Salt, Rice Bran, Flaxseed, Yeast Culture, Vitamin E Supplement, Zinc Sulfate, Zinc Proteinates, Ferrous Sulfate, Manganese Sulfate, Biotin, Manganese Proteinates, Selenium Yeast, Copper Sulfate, Mineral Oil, Copper Proteinates, Choline Chloride, Vitamin C, Niacin, Sodium Selenite, Riboflavin, Thiamine, Vitamin A Supplement, Vitamin D3 Supplement, Pyridoxine HCL, Cobalt Proteinates, Panthothenic Acid, Vitamin B-12, Beta-Carotene, Menadi-one Sodium Bisulfate Complex, Ethylenediamine Dihydriodide (Eddi), Cobalt Sulfate, Folic Acid, Dry Fat, Lactobacillus acidophilus fermentation product, Lactobacillus casei fermentation product, Enterococcus fermentation product, Bifidobacterium thermophilum fermentation product, Anise Flavor.

#### All Equinator Feeds Feature:

- Premium quality ingredients
- Fixed and fortified formulation
- Chelated trace minerals
- Added amino acids
- Organic selenium
- Added B vitamins including Biotin
- Added Vitamin C, D, and E
- Essential Omega 3 and Omega 6 fatty acids
- PrimaLac™ Direct Fed Microbials
- Diamond V® yeast culture

#### Feeding Directions:

Feed 1/2 to 1 pound for each 100 pounds of body weight to maintain your horse in moderate body condition. Age, activity level, and individual metabolism rate will determine poundage per 100 pounds body weight. If less than the recommended amount is being fed per day, supplementation will be required.

Feed with good quality hay or pasture according to weight, body condition, and activity. Supply plenty of fresh, clean water at all times.
